INALLIANCE: Building A More Livable Workable World

Serving People with Developmental Disabilities Since 1952

“Life starts
all over again
when it gets
crisp in the fall.”

—F. Scott Fitzgerald,
The Great Gatsby

It seems as though Summer wasn't going to end this year, and all of a sudden the green leaves turned into a bounty of beautiful oranges, yellows and reds filling the Sacramento skyline and a chill filled the air.

The long summer was an eventful one here at INALLIANCE. We waged a long and hard fight with the Governor's office, one filled with phone calls to legislators, rally's and countless man hours of advocacy on behalf of our program participants, and all people with disabilities throughout the state. In the end, we just didn't get the funding we wanted. Learn how you can advocate for yourself or on behalf of a loved one at www.inallianceinc.com/advocacy

Inside this Issue:

- INALLIANCE helps create the Northern California Business Advisory Council
- Day of Caring rain barrel project photos
- SPECIAL INSERT - 2014/2015 Annual Report
- Giving thanks!
- Help us while you shop online with iGive.com

For the second year, we participated in the United Way's Day of Caring; it was a day for a volunteer project on our Sacramento campus. In just a four hours, our team set up a 16-barrel rain harvesting system. Water collected (once it starts raining again!) will be used to irrigate landscaping throughout the property.

As summer came to an end, work began on our back building, which will create a new space for the Supported Living department, as well as additional meeting, kitchen, and restroom space.
